

## Yellow Line Transfer

### Pig Destroyer

Playing the silent movie villain scrambling to tie myself to train tracks.  
Praying for technicolor in the afterlife I swear that eccentric on the  
Street corner was talking about my world ending and now I feel like I am  
Being followed.  
When I saw the little blonde girl reading the book on horses and I wished  
Her comatose I began to feel sick but they tell me that I am better now.
