

## Prey & Obey

PIG

Prey, obey  
Prey, obey  
Prey, obey  
Prey, obey

Look at the size of that monkey  
On your back  
Like Jesus jerking a junkie  
I'm the fly that shit will attract  
Gimme a taste or a sign  
From the sick and so divine  
Boars, whores, apocalypse  
Scores to settle and fights to fix

Deviate decadence unto me  
I need bullshit bile and bigotry  
Saved and depraved it's a new crusade  
Baptised in the blood of the newly saved  
I've been blind but now I see your bullshit bile and bigotry  
Eat your shit baby show your class  
Dine with the devil and kiss his ass

Prey, obey  
Prey, obey

Over the feast of my fools  
Stands the Lord of Misrule  
Distortion devotion both deny  
The dirt and the devil eye to eye  
Strangled snake like desperation  
Wraps around my last temptation  
The torture tempered new messiah

Mourns the murdered new pariah

Deviate decadence unto me  
I need bullshit bile and bigotry  
Saved and depraved it's a new crusade  
Baptised in the blood of the newly saved  
I've been blind but now I see your bullshit bile and bigotry  
Eat your shit baby spread your ass  
Dance with the devil cos you've got class

Prey, obey  
Prey, obey  
Prey, obey  
Prey, obey

Deviate decadence unto me  
I need bullshit bile and bigotry  
Saved and depraved it's a new crusade  
Baptised in the blood of the newly saved  
I've been blind  
Now I see  
I've been blind  
Now I see  
Bullshit bile and bigotry

Bullshit bile and bigotry  
Bullshit bile and bigotry  
I've been blind  
Bullshit bile and bigotry  
Bullshit bile and bigotry  
Obey
