

Secret Skin

PIG

This is the greasy aroma
The broken wreck
I see the twisted hope,
Strung around your neck.
This hopeless dream,
The sorted stream,
I whisper once again,
Pray for the end.

Your secret skin will shelter me
Your secret skin can't hide you shame
Your secret skin will smell on me
Your secret skin can't hide your name

Once more for mre the bloody fist
Once more betrayed by your own wrist
One more rusted nail, assorted crime
One more spreading strain upon your shrine

Your secret skin will shelter me
Your secret skin can't hide you shame
Your secret skin will smell on me
Your secret skin can't hide your name

Deine verborgene Haut beschuetzt mich
Sie riecht nach mir
Kann aber weder dein Schall
Noch deinen namen verbergen

Once more for mre the bloody fist
Once more betrayed by your own wrist
One more rusted nail, assorted crime
One more spreading strain upon your shrine

Your secret skin will shelter me
Your secret skin can't hide you shame
Your secret skin will smell on me
Your secret skin can't hide your name
