

Aquarium

Pin-Up Went Down

With all
That numbers
Mute
(25807569)
And everyone here and there
They talk so far away
My screen told
My screen told
Stay behind you'll keep it safe
Void around and ground within and
Scream if you dare
You'll put your back up against the world
Scream if you dare
Scream Now

I never never feel like home feel myself
Never feel like home even when I try

I'd rather fall asleep rather fall asleep
When my mind spits on my rest

AquariumEqualThis (EqualZeroAndUnder)

I never never feel like home feel myself
Never feel like this even when I try to...

Death is like home
