

Essence Of I

Pin-Up Went Down

Storm brought at most spheres
Only an answer to find
Head in hands and eyes so high
No God above (No Fate)

Storm Brought At most fears...
Life Search, Uncomplete.
Who am I Who am I Who am I ?
Me above all My
Bridge drom the sound until the silence left behind
Free again !

Be a wolf and a child and root
Keep denying your rules
Real beliefs aren't proved
So deny
There can't be walls when there's no ground
Life stands in I
Death starts with Things
Rule ? Just deny it.

Me above all My
Me above this Everything that cannot be my pride
Me above all My own
I'll recognize myself when I'm able to hear my birth
This means that I will find my All
This means that I will find my All
