

Rubber Wings
Butterflys
Tangled strings
choke the victim
Lives on sand
Craves the ocean
Two that look
want to see the same Thing ing

Some will pass
and some will stay
All content
to live that way

Stick your arm inside the mirror
Crawl back into bed
Take a swim inside the mirror
Exactified
Exhausted

Some are things I can't understand,
like who is the hood and who is the victim
What is sand?
What is the ocean?
Cause, what I see cant be the same thing.

Crawl back into bed
Take a swim inside the mirror
Exactified
Exhausted

(Comatose)
Comatose
Collapse inside the barrel.
(Roll down the hill)
Roll down the hill
There's nails inside the barrel.
(Terrified)
Terrified
These walls are awful narrow
(Mummified)
Mummified
Impaled on carpet's arrow
