

White men do no reggae

Pink Cream 69

Oh the sun set in Jamaica
with the ganja oh it can take ya
I don't know how they reggae, reggae
can't find no word to rhyme with reggae

oh the white men do not reggae
say the pink cream do not reggae

they drive me crazy with that music
they have guitars and don't know how to use it

oh the white men do not reggae
say the pink cream do not reggae

oh the white men do not reggae
say the pink cream do not reggae
