

# Paranoid Eyes

Pink Floyd

- G** **C** **G**  
1. Button your lip and don't let the shield slip.  
**C** **G**  
Take a fresh grip on your bullet proof mask.  
**C**  
And if they try to break down  
**G** **D C**  
your disguise with their questions  
**G D C G/B Am D Am**  
You can hide, hide, hide,  
**G**  
Behind paranoid eyes.
- G** **C** **G**  
2. You put on our brave face and slip over the road for a jar,  
**C** **G**  
Fixing your grin as you casually lean on the bar.  
**C**  
Laughing too loud at the rest of the world  
**G D C**  
With the boys in the crowd.  
**G D C Am D Am**  
You hide, hide, hide,  
**G**  
Behind petrified eyes.

3. You believed in their stories of fame, fortune and glory.  
**C** **G**  
Now you're lost in a haze of alchohol soft middle age.  
**C** **G D C**  
The pie in the sky turned out to be miles too high  
**G D C Am D Am**  
And you hide, hide, hide,  
Behind brown and mild eyes.
