1. In my rear view mirror the sun is going down,

D G A D

Sinking behind bridges in the road,

And I think of all the good things

D A G

That we have left undone

D/F# Em

And I suffer premonitions,

Bm

Confirm suspicions,

Em A DAGA

Of the holocaust to come.

The wire that holds the cork That keeps the anger in, Gives way

And suddenly it's day again.

The sun is in the east

Even though the day is done.

Two suns in the sunset

Hmmm...

Could be the human race is run.

*: Like the moment when the brakes lock

Bm

And you slide towards the big truck

G A D

You stretch the frozen moments with your fear.

And you'll never hear their voices,

Bm

And you'll never see their faces,

G A D A

You have no recourse to the law anymore.

3. And as the windshield melts

My tears eveaporate,

Leaving only charcoal to defend.

Finally I understand the feelings of the few.

Ashes and diamonds,

Foe and friend,

We were all equal in the end.
