

# I'm Not Dead

Pink

**Am F C G**

Yeah yeah yeah yeah yeah

**Am**

1. There's all these cracks

**F**

Crack of sunlight

**C**

**G**

Crack in the mirror on your lips

**Am**

**F**

It's the moment of a sunset Friday

**C**

**G**

When our conversations twist

**Am**

**F**

It's the fifth day of ice on a new tattoo

**C**

**G**

But the ice should be on our heads

**Am**

**F**

We only spun the wheel to catch ourselves

**C**

**G**

So we weren't left for death

**Am**

**F**

- \*: And I was never looking for approval from anyone but you

**C**

**G**

**Am**

**F**

And though this journey is over I'd go back if you ask me to

**C**

**G**

**F**

- R: I'm not dead just floating

**C**

**G**

Right between the ink of your tattoo

**F**

In the belly of the beast we turned into

**C**

**G**

**F**

I'm not scared just changing

**C**

**G**

**F**

Right behind the cigarette and the devilish smile

You're my crack of sunlight

**Am F C G**

2. You can do the math a thousand ways  
but you can't erase the facts  
That others come and others go  
but you always come back  
I'm a winter flower underground  
always thirsty for summer rain  
And just like the change of seasons  
I know you'll be back again

R: I'm not dead...

**Am**

- R: I'm not dead I'm just floating

**G**

Doesn't matter where I'm going

**F**

I'll find you

**Am**

Underneath the cuts and bruises

**G**

Finally gained what no one loses

**F**

I'll find you, I will find you

**Am**

**G**

**F**

I'm not dead just floating

**Am**

**G**

**F**

I'm not scared just changing

**Am**

You're my crack of sunlight yeah
