

Push You Away

Pink

1. This bed is just an island
where it doesnt have you
Roll over seven times and
there will still be tons of room
Alarm is going off choking coughing
spit the reasons why you wont call me back
I got a Clue
This s*** is crazy did I just get lazy?
Figured it was fine, finally hear you say
Im out, see you later
Blows my mind
I need a shrink just to tell me
what I think
(but I already know the answer to that one)

R: I wont know just when you faded
Count the times how long
I waited for this moment to arrive
I push you away (3x)
Now Youre gone
Youre Gone (2x)
I push you away (3x)
For so long
So Long (2x)

2. You're looking better more than ever
oh, How can it be?
I'm feelin *****ty from the pity I've been giving me.
Im getting emails from my friends
all saying "What's the deal?
You can't just act normal like it never happened"
I took your toothbrush off the sink
and then I put it back
I rearranged the closets manics
swinging from the racks??
I've always hated that your shoes
smell like tennis balls
but now I kinda really miss it...

R: I wont know just when you faded...
+ I thought I could do this
I thought I was strong
To pick up the pieces of where we belong
I push You away (2x)
Now Youre gone

*: I know I said, That you dont own me,
just leave me alone (Im lonely)
I wish youd never listen to me.
(Yeah!) - Yeahhhh!
I push you away (3x)
Now Youre gone
Youre Gone (2x)
I push you away (3x)
For so long
So Long (2x)
I thought I could do this

I thought I was strong
To pick up the pieces of where we belong
I push you away (2x)
Now You're gone
