

Try Too Hard

Pink

1. You follow every line, you wear your perfect patch and style
Em C G D
But you're like a satellite and you're drifting through the sky
Em C G D
You can't make up your mind about this or that,
D
or anything at all
Em C G D
You go with the flow and hope to God, that no one knows it
C D
Everything you are, everything you say
Em G
Everything you do is not for you
C D
Everything you feel, everything you know
Em G
You found it on your favorite TV show

R: And it's people like you that make me sick
C G D
I'm surrounded by you everywhere I look

2. You're telling everyone how different that you really are
But it's been said before,
so maybe you're not special after all
If you put the same amount of effort into letting go
Just act yourself and you might like it, you never know

'Cause everything you want, everything you do
You try so hard to be everyone but you
Everywhere you turn, you just gotta learn
It's easier if you don't try so hard

R: And it's people like you that make me sick
I'm surrounded by you everywhere I look

C G D
Is there somewhere I can go to get away
C G D
Where there's truth and people mean just what they say

C G D
*: You try too hard
C G D
You just try too hard
C G D
You try too hard

Em C G D (2x)

R: And it's people like us that make me sick...
C G D
+ You try too hard
C G D
You just try too hard
