

## One Connection

### Pipes And Pints

In 2001 I had my best friend die  
In 2006 Werner followed in the sky  
Lucy and me had to laugh and cry  
Tommy's wondering why the best ones have to die

I'm gonna show you what it means to be alone.  
Conversations, crowded rooms, put me on my own  
Fake friends with sympathy  
Don't mean a fucking thing to me  
One love! Punk rock! Rock for life is all I got!

Hey, ho! Stand your ground  
Don't let no one drag you down

My past made me a clockwise ticking enemy  
with hatred, love and empathy.  
The connection between T.O.V.V.  
is the music that's pouring out of them and me
