

Ignore me
Please ignore me
Why not ignore me
You should ignore me

So you're sick of interacting with women
You wanna pay for something that's free?
Shut yourself up and load the ignorecam
Getting off on letting her be

Oh ignore me
Please ignore, yeah, me
Why not ignore me
You should ignore me

Phone's off the hook but nobody's talking, the ultimate fantasy
The feed froze but it's impossible to notice

Besides there's nothing to see

So ignore me
Please ignore me
Why not ignore me
You should ignore me

It's been five minutes
Let's make it ten
Proud to be useless
I'll keep calling in...

So you ignore me
Yes you ignore me
Please do ignore me
This is so boring

I G N O R E me
I G N O R E me
G I N R O E me
G N I R E O me
N O R G I E me
O G I N R E me
R O E I N G me
