Pistol Annies

Baby, we were just a masterpiece  
Up there on the wall for all to see  
We were bought and sold, we were talked about  
Once you've been framed, you can't get out

Who's brave enough to take it down?  
Who's fool enough to lose the crown?  
We're just another thing they'll all forget about  
They'll be standin' around laughin'  
Like nothin' ever happened

Baby, we were just a rodeo  
Shinin' up our buckles for the show  
Our knuckles white, we held on tight  
'Cause the longest ride makes the crowd go wild

Who's gonna open up the gate?  
No hope of ridin' to the eight  
We ain't the cowboys, honey we're the clowns  
They're all standin' around laughin'  
Like nothin' ever happened

Baby, we were just a country song  
I'm still doin' time, the King is gone  
I tried to stand by my man  
We were makin' plans, we were makin' plans

Who's brave enough to take us down?  
Who's fool enough to lose the crown?  
Maybe another thing they'll all forget about  
They'll be standin' around laughin'  
Like nothin' ever happened

Baby, we were just a masterpiece  
Baby, we were just a masterpiece
