

Burning

Pitchshifter

Let me hear it for short-term thinking
Teenage obesity, underage drinking
Bully-boy foreign policy, economic atrocity
Welcome to the best of the West

Sit tight for the disinformation
I shine a light for the De Generation
Tell me something is it what you need?
(Give you the finger when I'm on my knees, I said...)

We're burning out of control
We're burning out of control
We're burning out of control for Sub City
Have you ever even wondered what we're fighting for?

We're burning out of control
We're burning out of control
We're burning out of control for Sub City
Have you ever even stopped to wonder what we're fighting for?

Sit tight for the disinformation
A shine a light for the De Generation
Push a button and watch you bleed,
I push a button and watch you bleed
I push a button and watch you bleed
And it's super-sized on my TV

I said push a button and watch you bleed,
Super-sized on my TV
And it's super-super-sized on my TV
Super-super-sized on my TV
Super-super-sized on my TV
More and more and more and more and more

We're burning out of control
We're burning out of control
We're burning out of control for Sub City
Have you ever even wondered what we're fighting for?

We're burning out of control
We're burning out of control
We're burning out of control for Sub City
Have you ever even stopped to wonder why we're fighting?

Money! Money! Money! Money!
Yeah, we want power and money!
Power and money!
Power and money!
Yeah, we want more and more and more and more and more!

We're burning out of control
We're burning out of control
We're burning out of control for Sub City
Have you ever even wondered what we're fighting for?

We're burning out of control
We're burning out of control

We're burning out of control for Sub City
Have you ever even stopped to wonder, 'cause I wonder
Yes, I wonder, you know I wonder
How I wonder what we're fighting for
