

Stop Me

Planet Funk

Lookin for the soul in a plastic world
Lookin for the skin on my plastic girl Oh yeah
Champagne smile and a camera flash
Bubble gum lips in a bubble bath Oh Yeah

Won't you Stop Me Stop Me Stop Me
It wasn't my dream but it fits like a glove
Nano narcotic bringin peace and love Oh Yeah
Could you help me scratch my electric itch
It makes me look good but it's startin to make me
twitch

Won't you Stop Me Stop Me Stop Me
Stop Me Stop Me Stop Me Stop Me

Sendin me the message, it's crawlin underneath my skin
Sendin me the message, it's crawling underneath my skin

Lookin for the soul in a plastic world
Lookin for the skin on my plastic girl Oh yeah
Champagne smile and a camera flash
Bubble gum lips in a bubble bath Oh Yeah

Won't you Stop Me Stop Me Stop Me

Sendin me the message, it's crawlin underneath my skin
Sendin me the message, it's crawling underneath my skin

Sending me the message

Won't you Stop Me

Won't You Stop Me

Won't you Stop Me Stop Me Stop Me
Stop Me Stop Me Stop Me Stop Me

Won't you Stop Me
