

Secret Place

Planetshakers

In the secret place
I find you
In Your sweet embrace

In the stillness Lord
I'm waiting
Here to hear Your voice

Calling me, drawing me
Jesus You're all I need

You are all I need my Jesus
You're my everything

You are all I need my Jesus
You're my everything

You are all I ever wanted
All I ever need my Jesus

Take me to the secret place Lord
You're all I need
Into the secret place

Just one moment here with You
Means more than anything to me
