

He

Plankeye

Take me far away, live a place to stay, cause I've been wondering for far too long from the shadows of your wings, complacency has taken over, fly me far away.

And I forgot just what he means to me; did you forget what you mean?

Except for the silence...

Have you noticed that I'm still here? I wait in vain, when will you come near?

Words influence my nakedness & compromise blurs the lines of distinction
