

Open Eyes

Plankeye

A man walks down the street
And we close our eyes
Because he is filthy and homeless
So we don't even look twice
Under his arms there's a Bible
And a look of peace in his eyes
This man also loves Jesus
So just open up your eyes
Love your brother
Any form, shape, and size
Because no one looks perfect except in Jesus' eyes
Take time to know your brothers
And open up their eyes
A boy sleeps under a bridge
Mad from the world's lies he sees you
Preaching to a crowd
And comes to seek Jesus Christ
And when you tell him about the Lord
You'll see the fear in his eyes...
Jesus' tugging at his heart
The Lord opened up his eyes...
We go through this life with our eyes closed
And we turn off the people who need us most
We gotta take time to know one another
We gotta take time to love all our brothers
