

# Nobody's Hero

Platitude

I know that you doubt me, but I'm not who you think I am  
No one believes me 'cause I am myself  
Often, I dream away, but there are limits  
To all I've seen in my dreams

I'm standing right between good and bad  
I can not see what's right or wrong!

No one can see me, I'm nobody hero...

Sometimes just before eveningtime  
I dream away to my hidden happiness

I'm standing right between good and bad  
I cannot see what's right or wrong!

No one can see me, I'm nobody's here...  
No one believes me, I'm nobody's hero
