

When You Are Lost

Please the Trees

When you go out not knowing where to
When you go out not knowing what for
Are you finding more
When you get lost

When you go out in the morning
When you go out at night
Just for the sake of keeping on going
You might be finding out

When you are lost
You find more
When you are lost
You find love

Around the corner
In the fields
In the woods
The road
Far from home
The valleys
The seas
The horizon
You can't see

When you are lost
You find more
When you are lost
You find love
