

Fatal Attraction

Pleasure P

Lil mama bad
Yeah lil mama bad
But everything bad ain't good for ya
Got me in my bag
Says she got me in my bag
Punani and some weed and some good liquor

Fatal attraction
Your lovin' takes a toll on me
Fatal attraction
Together we're so deadly
Fatal attraction
You're toxic and it's killin' me, eh
You're toxic and it's killin' me

Trippin' for real
It's the liquor for real
Make me wanna cop a feel
Like fuck the consequence
Take you down and flex
Before you start top catch feelings

Now I'm so tired
Of that love
But that pussy so fire
That my heart burned down for good
I'm pushin', you pullin', pullin' my heartstrings
Your love is so toxic, toxic you know it
I'm jumpin', I'm fallin', drownin' I'm sinkin'
Drownin' in toxins, I'm sippin', I'm blowin'
Tryna get control of it
I gave you my soul in this

Lil mama bad
Yeah lil mama bad
But everything bad ain't good for ya
Got me in my bag
Says she got me in my bag
Punani and some weed and some good liquor

Fatal attraction
Your lovin' takes a toll on me
Fatal attraction
Together we're so deadly
Fatal attraction
You're toxic and it's killin' me
You're toxic and it's killin' me

argue with me just so we can make up
Sex you all night until we wake up
Breakfast in bed, breakfast and head
Girl you got a nigga feelin' so good

Wish I could stay in a little bit longer
Kissin' in place I know that you like
But I gotta go to work now, phone just keep ringin'
You think it's bitches, I'm chasin' my dreams

Fatal attraction, yeah
You're toxic and it's killin' me

Your lovin' takes a toll on me
Fatal attraction
Together we're so deadly, eh
