

# Kept It Too Real

Plies

It's amazing to me homie  
that nigga's you fuck wit dawg  
you don't know the truth about these niggas  
till yall fall out. The more you show a nigga  
the more dangerous he become to you homie.  
I broke bread wit chu nigga showed you how I live  
You talkin nigga but you don't understand  
what real is  
When it came to you pussy ass nigga  
I would of killed but it was my fault nigga I kept it too real  
we busted choppers at nigga's laid in bushes together  
you had me fooled dawg I thought u was my fucking nigga  
would of did a 100 years for ya cause I fucks wit cha  
you told me what a good heart in these streets would get a nigga  
not a muthafuckin thing but a sad picture  
hurt me when I found out you had pussy in ya heart nigga  
I never thought I would say this but mutha fuck a friend  
cuz ya dawg be the one that cross you in the end  
the shit I know now wish I had knew it back then  
but going through it wit a fuck nigga is what make a man  
I treat ya pussy ass better than I did my own kin  
when a nigga locked up or broke that's when they claim they love you then.  
what was mine was yours but what was yours wasn't mine  
if a nigga would of told me you was flaw I would of thought he was lying  
but every nigga gonna show his hand in due time  
I kept it so muthafuckin real wit chu that I was blind  
cuz I was to busy showing love I ain't see the signs  
when you needed me pussy I came through every time  
whether u was right or wrong fuck nigga I was riding  
but u envied me nigga in the back of yo mind  
you wasn't a hunter nigga you was real part time  
I broke you off nigga when them fuck nigga's wouldn't give you a dime  
I ain't owe you shit I just wanted to see you shine

I had my own nine  
im a hunter nigga I done did me and yo time  
you cant trust ya own homies who the fuck can you trust  
I got more pride in my chopper so to me that's enough.  
and God ain't making you fuck nigga's like he used to  
a nigga I'll believe his hoe now before he believe you  
and cuz u thug wit a nigga don't mean the love true  
it use to matter what you and yo nigga's done been through  
nigga can be ya dawg one day and turn pussy out the blue  
a fuck nigga gone do what a fuck nigga gone do  
better off running by yo self if you only knew  
don't mean that nigga a hunter cuz he'll fucking shot  
and money don't mean he real cuz he got loot  
if a nigga heart ain't right no telling what he'll do  
and real nigga's extinct it's only a fucking few  
cause 99% of these fuck nigga's ain't true
