Looked in my garage and I got nervous

Half a mill worth a cars I ain't James Worhty

Know my neighbors must be sayin' this nigga ridin' dirty

Momma was washin' my clothes and said she found thirty

Thirty stacks and I ain't missed it must mean I ain't hurtin'

Told her gon' keep it buy some more damn detergent

I ain't bought nothin' all day I feel like a virgin

Don't step on my rug 'cause this shit Persian

I ain't playing that's what the interior decorator told me

Let me have some of my foam 'cause the nigga owe me

Told me he was on the dick that's how the nigga sold me

I'mma hit 'em in his shit, that's what I told 'em

I'm a million dolla nigga (Wanna rob myself)

I'm in the coupe windows clear

(Wanna rob myself)

Seventy-thousand in my ears (Wanna rob myself)

This a half a mill right here

(Wanna rob myself)

Count a mill and a half and I'll stop countin'

Took some pictures of that shit that shit look like a mountain

Said, "God damn I can buy a lot of houses"
Said, "Hell nah dad'll send me ??"
And you snitchin' ass niggas, ya'll need some snitchin' counseling
First forty-eight a nigga man you niggas wild'n
I don't fuck wit checks
'Dey got to worry 'bout 'em bouncin'
I'm a strip club nigga that deal with cash only
Reason I bought that fuckin' Bentley, I was kinda lonely
Felt like a bachelorship wit nobody on me

Got some real fuckin' clear diamonds fuckin' on me

I'm a million dolla nigga (Wanna rob myself)
