You can't fool me, I know what a real nigga look like  
Been raised up around them, been one all my life  
The streets heard me, real niggas gon' take my advice  
Then fuck with a nigga nowadays, you rolling the dice  
You don't know if a nigga G code or if a nigga sheist  
Remember, you ran with certain niggas 'meant you was alright  
Now you niggas talk 'round anybody, keep your mouth tight  
You ain't certified, pussy, until you earn stripes  
But nigga rob you, he ain't killed you, you better rob him back  
Or get his shirt from a pussy nigga across the back  
'Cause once a pussy, always a pussy, ain't no turning back  
There ain't no fuck nigga in me, I put that on stacks

And tell lies on another nigga and drop weight  
How the fuck you hate another nigga 'cause your money ain't straight?  
The next nigga's pockets ain't your business in the first place  
A real nigga don't hide, real niggas show face  
It seems prosecutors make real niggas break  
And watch the love of money turn real niggas fake  
I choose being real over a mill any day  
Ain't nothing real about you, pussy, you just know what to say  
You just do what a fuck nigga do, dog, so go on and hate  
That Kool-Aid in your heart, nigga, made you turn steak  
Now you trying to testify, pussy nigga, it's too late
