

I Hope You Know

Plug in Stereo

You don't go leaving me...
I wish I could stay a little longer...
But still, you won't.
Don't go hating me.
You said you weren't like the others.
Well, I've lost my soul...

You swore, you were mine...
I never thought a promise could mean
so much to a girl like you..

I hope you know (oh, whoa, oh, oh, oh)
I hope you know (oh, whoa, oh oh oh)
I never thought I'll let you go
I hope you know (oh, whoa, oh, oh)

Don't go missing me...
You're so much sweeter than the others
Well, I've lost my soul...
Don't go forgetting me...
I couldn't even if I wanted
I hope you don't...

You swore, you were mine...
I never thought a promise could mean
so much to a girl like you..

I hope you know (oh, whoa, oh, oh, oh)
I hope you know (oh, whoa, oh oh oh)
I never thought I'll let you go
I hope you know (oh, whoa, oh, oh)

If you weren't so far away
I could see you every day
and handle what's on my plate
Don't mean to blame it on you...
Boy, I wish you could stay
I don't mean to complain,
but I wish that
we never left that place...

I hope you know (oh, whoa, oh, oh, oh)
I hope you know (oh, whoa, oh oh oh)
I never thought I'll let you go
I hope you know (oh, whoa, oh, oh)
