

Priceless

Plug in Stereo

When you're weighed down
Head beneath the water
Breathing gets a little harder
The more that you panic
The faster you'll fall
I got a tense spot
Crumpled in my pocket
Ten digits think I'm gonna call it
Big shots can talk shit
But I don't feel small

Woah
I don't care won't let you weigh me down
Woah

So just give me what's priceless
And I'll be golden
Cuz a beautiful life it
Ain't made of what you bank, it's all in
Every bit of my love is free
To anybody who loves me
So my only advice is like this
Live it up cuz these days are priceless

When the sun sets and people wanna go out
Speed up, but me, I wanna slow down
Somebody told me that life can move fast

Woah
You can miss it if you don't look around
Woah

So just give me what's priceless
And I'll be golden
Cuz a beautiful life it
Ain't made of what you bank, it's all in
Every bit of my love is free
To anybody who loves me
So my only advice it goes like this
Live it up cuz these days are priceless

Ohhh
These days are priceless
Yeah
These days are priceless
I believe, I believe, I believe, I believe in you

So just give me what's priceless
And I'll be golden
Cuz a beautiful life it
Ain't made of what you bank, it's all in
Every bit of my love is free
To anybody who loves me
So my only advice it goes like this
Live it up cuz these days are priceless

Oh

These days are priceless
Yeah
These days are priceless

So just give me what's priceless
And I'll be golden
Cuz a beautiful life it
Ain't made of what you bank, it's all in
Every bit of my love is free
To anybody who loves me
(I believe, I believe, I believe, I believe in you)
So my only advice it goes like this
Live it up cuz these days are priceless
