

Whatcha Do to Me

Plug in Stereo

I don't know whatcha do to me, you're the only one to get through to me
Everywhere I'm looking you're all I see
The dimples in you're cheeks, the way you speak, and those tiny little feet
You're making it, hard for me to breathe so I'm fakin it
You're drivin me around so I'm takin it, I'll make a wish
That every single kiss you give is on my lips

Ohh ohh, you really got me hooked
Ohh ohh, by the way you're lookin at me I know you are too

I've been livin' crazy, halfway off the edge
Now you got me changin' got me reevaluating everything that's in my head
Don't know where this is going
Don't know where this will lead
I only got one thing I can guarantee
I don't know what you do to me
Don't know what you do to me

The first girl to make me behave
Wear clean clothes and wake up at 8
I never thought that I'd feel this way
No I can't disguise how these butterflies, you got me hypnotized

Ohh ohh, you really got me hooked
Ohh ohh, by the way you're lookin at me I know you are too

I've been livin' crazy, halfway off the edge
Now you got me changin' got me reevaluating everything that's in my head
Don't know where this is going
Don't know where this will lead
I only got one thing I can guarantee
I don't know what you do to me
Don't know what you do to me

Sittin' in this cafe wondering where you are right now
Even when I'm not with you I wish you were around

I've been livin' crazy, halfway off the edge
Now you got me changin' got me reevaluating everything that's in my head
Don't know where this is going
Don't know where this will lead
I only got one thing I can guarantee
I don't know what you do to me
Don't know what you do to me
Yeahhh
I don't know what you do, what you do, what you do to me
I don't know what you do

Don't know what you do
Don't know what you do to me
