

Fight for You

Plumb

Every story is an arrow pointing north
Every crash and every burn is a chance to start over
Every time that I say no and you say yes
When we disagree and it gets real messy, trust me

Oh, I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone, when you love someone

Oh, I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone

Every shade of black and blue from falling down
You're ashamed and you're afraid I don't want you now, I do
You wait to hear me say I told you so
But you will only see me running towards you

Oh, I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone, when you love someone

Oh, I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone

Go ahead and kick and scream and try to run away
Tell me what you really think and throw it in my face
Shut me up and hear me now no matter what you do
I'll never let you go, I'll never let you go

Oh, I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone, when you love someone

Oh, I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone

I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone, when you love someone

I'm gonna fight for you, even if I have to fight with you
That's what you gotta do when you love someone
