

I'm Not Alone

Plumb

When I run away you tell me that's okay
You'll find me, so come find me
And when I feel afraid you tell me that you'll stay
And hold me, so hold me

I have nothing to fear
I'm not alone, I'm not alone
Oh, God you're right here
I'm not alone, I'm not alone
Darkness closes in, I just say your name
Jesus, Jesus
My eyes, they start to see, a beautiful
Unfolding, it's unfolding

I have nothing to fear
I'm not alone, I'm not alone
Oh, God you're right here
I'm not alone, I'm not alone

The world will fail me left and right
And I will try to run and hide
So come and find me every time
(Yeah)

I have nothing to fear
I'm not alone, I'm not alone
Oh, God you're right here
I'm not alone, I'm not alone
I have nothing to fear
I'm not alone, I'm not alone
Oh, God you're right here
I'm not alone, I'm not alone

I'm not alone
