

Motion

Plumb

I can dance here next to everybody
but I want to dance with you

I'm not sophisitcated
I'm not your average girl
I don't like to wear makeup
I like my matted curls

Do I make you feel unstable
Do I put you in a whirl
Cause I do not fit your idea
Of a beautiful girl

yeah, yeah, yeah...

I can jump next to anybody
Let me jump right next to you
Cause I can dance here next to everybody
But I want to dance with you

You're so illuminted
You're heat could melt the world
You're so wrapped up in plastoc
You nip and tuck and twirl

Do I make you feel uneasy
Do I break your stupid rule
Cause I do not fit your idea
of a beautiful girl

yeah, yeah, yeah...

We're all different
We're all strange
Who really cares
Lets just keep dancing
