

Restored

Plumb

All the fear
All the bitter
Has disappeared
It's just a vapor now
All the shame
All the broken
That should be here
Has all left me now
I have been made whole

My heart is so full
My cup overflows
What once was so fractured has been
Restored
And you overcome
All I cannot
No matter how fractured
No matter what

All the dark
All the distance
Has disappeared
It's just a vapor now
All the hurt
All the hatred
That should be here
Has all left me now
I have been made whole

My heart is so full
My cup overflows
What once was so fractured has been
Restored
And you overcome
All I cannot
No matter how fractured
No matter what

Oh hallelujah
I've been made whole
What once was fractured
Has been restored
Oh hallelujah
I've been made whole
What once was fractured
Has been restored

My heart is so full
My cup overflows
What once was so fractured has been
Restored
And you overcome
All I cannot
No matter how fractured
No matter what

Hallelujah

Hallelujah
Hallelujah
