Sleepwalking

Plumb

```
I saw your eyes
And they, they met mine
I saw you smile
Something changed inside
Something changed inside

Cause you
Woke up my heart
You woke up my heart

I, I was blind
But you, you saw inside me
You, you caught a light
On the other side
On the other side

Cause you
Woke up my heart
You woke up my heart

Sleepwalking, sleepwalking
You were there
Sleepwalking, sleepwalking
You were there
Sleepwalking, sleepwalking
You were there
Sleepwalking, sleepwalking
You were there

Cause you
Woke up my heart
You woke up my heart
You woke up my heart
You woke up my heart

You, you are mine
And now I'm alive
```
