

## Lovers

Pnau

You got to take control  
Otherwise you'll walk alone  
And never find out what we could've been  
Love's just a metaphor  
For everything you ever saw  
Well, I ain't nothin' that you've ever seen

Lovers forever  
Body to body, all kinds of people  
Lovers forever  
Tell me, what's the rules?  
Lovers forever  
Body to body  
(Body to body)  
Lovers forever  
Someday you won't trip up  
Two or three
