

Oh, where you'll never be
'Cause you love it, and you have everything you need
Oh, where you'll never be
'Cause when you love what you got then you have everything you need

Everything you need, everything you need
Up there where the merchants [?]

If you're hurting, if you're hurting
Then I'm bleeding, yes, I'm bleeding
If you're searching, if you're searching
Then I'm finding, then I'm finding

Oh, where you'll never be
'Cause you love it, and you have everything you need
Oh, where you'll never be
'Cause when you love what you got
Then you have everything you need

Everything you need, everything you need
Up there where the merchants [?]

If you're hurting, if you're hurting
Then I'm bleeding, yes, I'm bleeding
If you're searching, if you're searching
Then I'm finding, then I'm finding

If you're wanted, if you're wanted
Then I'm needed, then I'm needed
If you're quiet, if you're quiet
Then I'm divin' in, then I'm divin' in

Up there where the black milk sea melts into oblivion
Up there where the merchants [?]
Up there where the black milk sea melts into oblivion
Up there where the merchants [?]

If you're hurting, if you're hurting
Then I'm bleeding, yes, I'm bleeding
If you're searching, if you're searching
Then I'm finding, then I'm finding

If you're wanted, if you're wanted

If you're quiet, if you're quiet
Then I'm divin' in, then I'm divin' in
If you're quiet, if you're quiet

If you're seeking, if you're seeking
If you're seeking
If you're wanting
