

Where that Love's Been Gone

The Pogues

Sometimes I wonder who's makin' love to you now
Now that it's been so long
Yes, sometimes I wonder who's makin' love to you now
Now that it's been so long

Well, I don't know how or when you found out
Where that love's been gone

Remember that winter we went walkin' in the snow
Now it's been and gone
Yes, I remember that winter we went walkin' in the snow
Snow that's been and gone

And right across the country still I've got to go
Wherever that love's been gone

But any old way there's a smile on my face
There's a smile that I just can't hide
Though I'm missin' you now like I, like I never knew how
I couldn't forget you if I tried

Don't it make you wonder but I wouldn't worry no more
Standing by the side of the road
Oh, don't it make you wonder but I wouldn't worry no more
Just standing by the side of the road

Into the night you just pick up and go
You will see where that love's been gone

But any old way there's a smile on my face
There's a smile that I just couldn't hide
Though I'm missing you now like I, like I never knew how
I couldn't forget you if I tried

I couldn't forget you, I couldn't forget you
I couldn't forget you if I tried
I couldn't forget you, I couldn't forget you
I couldn't forget you if I tried
