Hope Is Born Again

Point Of Grace

Starlight falling on the snow Fire glows within Celebrate the joyful news Hope is born again

There is holly 'round the doorway There is cider on the stove And the sound of Psalm will fill the air As the family gathers close

Lift your voices high and sing Grace has entered in Praises to the infant King Hope is born again

Through the frost upon the window See the stocking on the Where the light reflects the cheerfulness That's growing in our hearts

Lift your voices high and sing Grace has entered in Celebrate the joyful news Hope is born again

Lift your voices high and sing Grace has entered in Praises to the infant King Hope is born again

And the hope of that first Christmas
The day that heaven came to Earth
Now it comes again and fills our heart
As we celebrate his birth

Starlight falling on the snow Fire glows within Celebrate the joyful news Hope is born again Hope is born again
