

Promise My Prayers

Point Of Grace

I'll cover, I'll cover you, I'll cover, oh yeah

Hey now you know it's true
After all that we've been through
You can count on me

When it comes down to the end, I will always be your friend
No matter where you go I want you to know now

I promise my prayers, I promise my heart
I'll be thinking of you wherever you are
When the daylight is done when the night is so dark
When I cannot be there, I promise my prayers

Down each road we take
We're joined together when we pray
No matter where life leads

I will lift you up you'll be covered by his love
The angels will find you, I'm here to remind you now

I promise my prayers, I promise my heart
I'll be thinking of you wherever you are
When the daylight is done when the night is so dark
When I cannot be there, I promise my prayers

I'll cover, I'll cover you, I'll cover, oh yeah

Beyond our understanding
His hand is moving and we stand amazed
I pray His love will guide you
I know He's there beside you always

I know He's there beside you always
I pray His love will guide you

I promise my prayers, I promise my heart
I'll be thinking of you wherever you are
When the daylight is done when the night is so dark
When I cannot be there, I promise my prayers, oh yeah

I promise my prayers, I promise my heart
I'll be thinking of you wherever you are
When the daylight is done when the night is so dark
When I cannot be there, I promise my prayers

I promise my prayers, I promise my heart
I'll be thinking of you wherever you are
When the daylight is done when the night is so dark
When I cannot be there, I promise my prayers

I'll cover, I'll cover you, I'll cover, oh yeah
I'll cover, I'll cover you, I'll cover, oh yeah
