

Another thing has got me
Exactly where she wants me
One more thing to tell me
What to do with my life
This thing that feeds me
Tells me that she loves me
She says by bay of loaders
That I get where I want to go
But I don't know what I should do
Should I go straight and comeback

(One, two) I get turned around
(One, two) I get confused
(One, two) I fall in love

Another thing chose me
It even says it owns me
It's a package deal being loved
And you'll never be alone
This thing has gray eyes
To sift through all of my lies
We can't pretend to be just friends
Because everyone knows it's more
And I don't know what I should do
Should I go straight and comeback

(One, two) I get turned around
(One, two) I get confused
(One, two) I fall in love

I've got a new direction
For all of my affection

I got another thing
That takes care of everything
And sometimes I wonder
Is it really worth the strain
And I don't know what I should do
Should I go straight or comeback

(One, two) I get turned around
(One, two) I get confused
(One, two) I fall in love
(One, two) I get turned around
(One, two) I get confused
(One, two) I fall in love
(One, two) I fall in love, I fall in love
(One, two) I fall in love, I fall in love
(One, two) Yeah I fall in love
(One, two) Yeah I fall in love
(One, two) Yeah I fall in love
