

## Don't Go Home Tonight

Poison Girls

Big changes can come from just little actions  
From one small risk big changes can come  
Are you a child of a friend of the state  
Are you a little chicky of a friend of the state  
Do you go to work for a friend of the state  
Are you making time with a friend of the state  
Don't go home tonight  
Do you go to bed with a friend of the state  
Do you suck the dicky of a friend of the state  
Are you wine'd are you dine'd  
By a friend of the state  
Do you suck the titty of a friend of the state  
Don't go home tonight  
So do you sell your body  
To a friend of the state  
And don't you see the money  
Is too little and too late  
And do you sell your sister  
Like a chicken on a plate  
And would you kill your brother  
To satisfy the state  
Don't go home tonight  
So have you been seduced  
By a friend of the state  
Who offered you security  
And freedom if you wait  
Who tricked you with a uniform  
And filled you up with lies  
When you try to find your own way  
Using your own eyes  
Don't go home tonight  
Have you been betrayed  
By a friend of the state  
Has your trust been trashed  
By a servant of the state  
Do they use you and confuse you  
And fill you up with hate  
Then turn you loose to do your worst  
In the service of the state ?  
Don't go home tonight
