

Warrior Lord

Poliça

Ever wonder why you call me
All your fantasies drift by slowly
Ever wonder why you call me
Further like all your fantasies burn into me
Burn into me
Truly truly truly truly
Do you want me?
And like a warrior stand so taller than me
Watch him fight
Carving words and walls
Made like a warrior
Stand so taller than me
Carving out your words in the walls
I can't reach my love
Where you're wasting away
I can't reach my love
Where you wasting away
Ever wonder why you calling me
Further like all your fantasies burn into me
Burn into me
To me, to me, to me
Truly
Do you want me?
I can't reach my love
To far we've falling
I can't find my love
I can't find my love
Too far love
And farther baby
And like a warrior
Stand so taller than me
Watch him fight carving words in walls
Made like a warrior
Stand so taller than me
When my soul left
The earth smashed in
And so then you would often be
Call out to all your fantasies in the fallen
All our fantasies drift by so slowly
Ever wonder, now lines the dreams were calling
Lost them to old friends
I can't find my love
I can't find my love, my love, my love, my love.....
Shadows fill me up shadows fill me up
I can't find my love
My love, my love, my love.....
Ever wonder why you calling me
Further like all our fantasies
Do you want me?
