

Duck And Clover

Pond

Duck and clover, tracks left in my mind
I feel I travel to a place where the sky is purple
And the trees all sway from side to side

Ahhh, you don't have to worry about a thing due tomorrow
'Cause when the sun is high and the grooving is right
Take a little trip to the riverside
And spend a little money, so you can get high
Until the sun goes down and the river runs dry

Ahhh, you don't have to worry about a thing due tomorrow

Take a little trip to the riverside
And spend a little money, so you can get high
