

## Sitting Up on Our Crane

Pond

Sitting up on our crane, it always feels the same  
When we're up high 'cause I feel like I fall and die  
And I can't say goodbye to my friends  
'Cause they're having a real good time  
Get up on our plane, it always feels the same  
When we're up high 'cause I feel like I crash and die  
And I can't say goodbye to my love  
She's been sleeping all our flight

And you know it's gonna get you feeling like you're gonna die  
Just try to tell yourself, you know it's coming out  
As your spirit wants to the ground

Sitting up on our crane, it always feels the same  
When we're up high 'cause I feel like I fall and die  
And I can't say goodbye to my friends  
'Cause they're having a real good time

And you know it's gonna get you feeling like you're gonna die  
Just try to tell yourself, you know it's coming out  
As your spirit wants to the ground  
Oh, it's gonna get you feeling like you're gonna die  
Just try to tell yourself, you know it's coming out  
As your spirit wants to the ground

All I wanna do is getting drunk and listen to Dennis Wilson  
'Cause he's the man, oh yeah-yeah-  
yeah, 'cause he's the man, yeah-yeah
