

Sunlight Cardigan

Pond

I still wear a sunlight cardigan the type that makes the sun my friend

Don't listen to the angels, man, they'll give you all of their problems

I can lift an iron manatee but my dreams are so heavy

If your love won't hold me up, my love will flatten me

But I have troubles that I can't shake

People smash bubbles, ooh, they wanna mine

But I have troubles that I can't shake

People smash bubbles, ooh, aah-aah, aah-aah

I still wear a sunlight cardigan the type that makes the sun my friend

Don't listen to the angels, man, they'll give you all of their problems

I can lift an iron manatee but my dreams are so heavy

If your love won't hold me up, my love will flatten me

But I have troubles that I can't shake

People smash bubbles, ooh, they wanna mine

But I have troubles that I can't shake
