

God's Dam

Pop Evil

Perhaps I've been mistaken
All that I've taken
Turning hands are shown
God's dam is breaking
The fire nation shaking
Beneath the walls of stone

It comes down on me
It comes down on me
Kneel before the hand
Of grace

There's too much to swallow
Under the wave
My insides are hollow
Love ain't the same
On the last day of judgement
I'm up off my knees
Whatever it takes
Bend it till the levee breaks

One final dance, damnation
All the roads taken
Lead back home
God's dam is breaking
Will we be forsaken
Beneath this flesh and bone

It comes down on me
It comes down on me
Kneel before the hand
Of grace

It's too much to swallow
Under the wave
My insides are hollow
Love ain't the same
On the last day of judgement
I'm up off my knees
Whatever it takes
Bend it till the levee breaks

There's too much to swallow
Under the wave
My inside are hollow

There's too much to swallow
Under the wave
My insides are hollow
Love ain't the same
On the last day of judgement
I'm up off my knees
Whatever it takes
Whatever it takes

There's too much to swallow
Insides are hollow, yeah

God's dam is breaking
The foundation shaking

On the last day of judgement
I'm up off my knees
Whatever it takes
I'll bend it till the levee breaks
