

Raise Your Flag

Pop Evil

Nothing ever feels like it used to
No common ground we can break through
Time to change our ways or close the door
Same place, same temptation
Life full of limitations
My pride, no more patience

Raise your flag
Stop runnin' away
Face everything
Raise your flag
Don't need to complain
We're innocent
Raise your flag
Stop runnin' away
Raise your flag
Raise your flag
Let's raise our flag

Howl at the moon, go up in smoke
Just live your life, some think it's a joke
This time, turn around and close the door
Inside, same frustration
Each day more motivation
My pride, no more patience

Raise your flag
Stop runnin' away
Face everything
Raise your flag
Don't need to complain
We're innocent
Raise your flag
Stop runnin' away
Raise your flag
Raise your flag
Let's raise our flag

Nothin' can change how we used to be
It's time we change our ways
Next time we walk out the door

Raise your flag
Stop runnin' away
Face everything
Raise your flag
Don't need to complain
We're innocent
Raise your flag
Stop runnin' away
Face everything
Raise your flag
Don't need to complain
We're innocent
Raise your flag
Stop runnin' away
Raise your flag

(Stop runnin' away)
Raise your flag
Let's raise our flag
