

Dollar Bill Rock

Pop Levi

I gotta see my doctor babe
I know I just gotta kill
I gotta see my doctor babe
I know I just gotta kill
So talk to your lawyer
Talk to your lawyer for me

With the sandman coming sweetly babe
You know I can't get no sleep
With the sandman coming sweetly babe
You know I just moan and weep
So talk to your lawyer
Talk to your lawyer for me
It's alright, it's okay

You coulda sent me sideways babe
You coulda sent me over the hill
You coulda sent me sideways babe
You coulda sent me over the hill
So talk to your lawyer
Talk to your lawyer for me

I had to touch your sister babe
But then she told me I's in deep
I had to touch your sister babe
But then she stole my heart to keep
So talk to your lawyer

Talk to your lawyer for me

That's the dollar bill rock now
That's the dollar bill rock
That's the dollar bill rock now
That's the dollar bill rock 2 3
It's alright, it's okay

You push, you push, you push
You push, you push, you push
Your money's on fire
So you can call me a liar for free

The hangman, the hangman, the hangman
He moves in slow
The hangman, the hangman, the hangman
He moves in slow
So talk to your lawyer
Talk to your lawyer for me

That's the dollar bill rock now
That's the dollar bill rock
That's the dollar bill rock now
That's the dollar bill rock
It's alright, it's okay
It's alright, it's okay
It's alright, it's okay
