

Flirting

Pop Levi

Baby caught us flirting
Baby caught us flirting
She went home alone
Baby caught us flirting

Said we had her hurting
Said we had her hurting
She was over blown
Baby caught us flirting

But if her tone was true
We'll have to comb it through

Baby caught us flirting
Baby caught us flirting
She went home alone
Baby caught us flirting

Wouldn't answer her ring
Wouldn't answer her ring
She turned off her phone
Baby caught us flirting

But if that loan comes through
We'll have to own her too

Not so much love with a stranger
It's just that we're loving the danger

Baby caught us flirting
Baby caught us flirting
She went home alone
Baby caught us flirting

Now our hearts are hurting
Watch! Our hearts are hurting
Turned us straight to stone
Baby caught us flirting

So if her tone was true
We'll have to comb it through

Baby caught us flirting
Baby caught us flirting
Lord, we should have known!
Baby caught us flirting

We're just having a good time, baby!
