

Skip Ghetto

Pop Levi

Skip Ghetto, Skip Ghetto
How you been?
Skip Ghetto, Skip Ghetto
You're the master scene
Honey, you're not the same
Since I learned your name and your date of birth
A heavy letter from Leadbetter
Made my darling cry
And is she wants to, she'll try to please me
But I let the lover die
Honey, you're not the same
Since I learned your name and your date of birth
Skip Ghetto, Skip Ghetto
Your lover lies
Skip Ghetto, Skip Ghetto
Behind your eyes
Sugar, you're not the same
Since I learned your name and your date of birth
I wanna take ya, I wanna make ya
My only child
But if I shake ya I'm gonna break up
And drive the poor girl wild
Sugar, you're not the same
Since I learned your name and your date of birth
Skip Ghetto, Skip Ghetto
How you been?
Skip Ghetto, Skip Ghetto
You're the master scene
Honey, you're not the same
Since I learned your name and your date of birth
